

Learn-to-Swim Course Selection Guide

PLEASE NOTE: Your child's success in swimming lessons will be influenced by their physical comfort while in the water and on the pool deck. Pool water temperatures are meant to be conducive to quality instruction. We have made every effort to assure a welcoming and supportive environment. Because each child is physically different, it is important that you first bring your child to the instructional setting and assure their comfort with the pool water temperature before enrolling in our classes.

To sign up for this level	The participant must meet the following pre-qualifications
	Swim instructors reserve the right to move a participant to a more appropriate level as necessary. If, during preschool aquatics, a child turns 6 years old, the child would move to the corresponding Learn-to-Swim class during the next session.
Parent Child Level A	Ages 6-18 months
