Sport Club Introduction

Welcome to the 2019-2020 Sport Club year! Sport club members are part of a designated organization of competitive athletes at The Ohio State University. Participation in a sport club provides students with the opportunity to compete and participate on behalf of Student Life's Department of Recreational Sports. Our 50+ sport clubs participate in events locally, regionally and nationally, displaying the best of Ohio State's sportsmanship and leadership. The Competitive Sports Office provides the framework for these clubs to run their student organizations.

Ohio State has no position on the status of sport clubs, nor do they have any financial responsibility for them. Sport clubs are independent from the university and are not required to form corporations.

This manual provides an outline for sport club policies and procedures. Please direct specific questions to the Competitive Sports staff.

Membership

Section 1: Membership Overview

Article 1: Overview

Membership to a sport club is open to all current students paying the dedicated fee. Membership is also open to current semester and annual Recreational Sports members who are 18 years or older.

Students who attend school at one of The Ohio State University regional campuses are eligible to participate with sport clubs on the Columbus campus, provided they have purchased a Recreational Sports Membership. It is up to the individual sport's governing body or league rules if those students are eligible to participate in league or tournament play.

Completion of registration forms on DoSportsEasy, including but not limited to the attestation statement, is required for participation in all sport club and intramural programs. Competing without completing these forms may result in the revocation of your eligibility from future participation in the Office of Student Life's Recreational Sports programming.

Article 2: Faculty/Staff Advisors

Clubs must select a club faculty/staff advisor each year. The faculty/staff advisor must be any university employee except for undergraduate or graduate student employees. After this point, a club may use their advisor as they deem appropriate. The Competitive Sports staff will only contact the club's faculty/staff advisor in disciplinary or recognition matters. Club officers remain responsible for all communication to their faculty/staff advisor.

Faculty/staff advisors must complete online training every two years and in-person training every four years. Faculty/staff advisor training is 60 minutes in length and attendance for the full session length is required through the Student Organizations Office. Training completion is part of the registration requirements for all student organizations. Training sessions are an opportunity for faculty/staff advisors to learn about requirements, responsibilities and resources available to registered student organizations.

Faculty/staff advisors should NOT be listed on Sport Club bank accounts.

Any questions on faculty/staff advisors or training should be directed to the Coordinator of Student Organizations at the Ohio Union.

Article 3: Coaches/Instructors

The Department of Recreational Sports acknowledges that our sport clubs often benefit from the assistance and direction of coaches and instructors. While we realize that the majority of coaches are volunteers, their participation in the university sponsored club requires that they uphold our standards, policies, and regulations.

The Competitive Sports program does not require club coaches. Knowledgeable coaches are appreciated to help clubs compete and learn sport skills. Each sport club coach must complete a background check, coach form and required training before they begin practicing, instructing or coaching. Coaches should remember that all clubs exist for supporting student growth and leadership. Coaches should also understand their role on the team as sport experts and mentors of students and they have no voting priv-

ileges within the club whatsoever. Those selected as coaches must act in a supervisory role and abide by all Department of Recreational Sports, Student Life and university guidelines. These include, but are not limited to, sexual harassment and alcohol policies. Please contact the Competitive Sports Office if any questions, concerns, or issues arise.

Coaches should NOT be listed on Sport Club bank accounts.

Reference checks are recommended for all new coaches. All prospective coaches should use the following list of action items to become a recognized and official coach of a Sport Club:

1. Contact the Assistant Director of Competitive Sports via email at Anderson.1859@osu.edu
2. Complete a background check through Ohio State Human Resources
3. Attend an in-person Coach's Meeting hosted by Ohio State Recreational Sports
4. Have a completed Coach's Application and Agreement Form on file with Recreational Sports

Article 4: Background Check Information

The Competitive Sports Program requires all coaches to complete a background check in order to serve as a sport club coach. Any new coach who is listed on a sport club's roster as a coach must complete a background check prior to the start of coaching. Any coach who does not complete a background check will not be permitted to coach their respective sport club team until a check is cleared. Any coach that is found to have begun coaching before being officially "approved" can be subject to suspension or loss of membership status.

Article 5: Coach Expectations

The Department of Recreational Sports discourages coaches/instructors from having personal relationships with their athletes. Our program allows for flexibility only if the sport in which they coach/instruct allows for all students to participate and do so equally (e.g., a martial arts club or club that does not hold tryouts). Furthermore, if club members feel that the player/coach relationship becomes inappropriate, leads to unfair participation decisions, or is causing team disturbance, the sport club program reserves the right to remove the coach, player, or both. This situation also could lend the player and/or coach subject to complaints such as sexual harassment. Any complaint by ANY member about coach/player relationships will be investigated through our department in conjunction with the Title IX Office.

At no time shall a coach or an advisor be on or in possession of the club's bank account information. Any club found in violation of this will be subject to sanctions including, but not limited to, losing sport club status and removal of sport club coach/instructor.

Article 6: Coach/Instructor Removal:

While acting as a coach or instructor of a sport club, all coaches and instructors are responsible for adhering to local, state and federal laws and all applicable policies, guidelines and procedures put in place by The Ohio State University, the Office of Student Life, and the Department of Recreational Sports.

The Department of Recreational Sports reserves the right to initiate a removal process of any coach or instructor at any time with or without cause or justification. Violations can include, but are not limited to, the following:

- Local, state and federal laws
- Competitive Sports, Recreational Sports and Ohio State policies, guidelines or procedures
- Recreational Sports facility policies
- Use of university property and programs for personal gain, i.e. revenue

- Failed background checks
- Failure to disclose legal information in compliance with university background check process

It is the right and obligation of the Department of Recreational Sports to protect the club and if, in the department's opinion, the coach or instructor is not meeting expectations deemed in the best interest of the club, the coach or instructor may be relieved of duties. **Please note that these regulations and sanctions apply to student coaches and non-student coaches.** Recreational Sports reserves the right to suspend club privileges if club officers do not comply with this request.

Article 7: Officers and Meetings

Each club must elect an executive board to manage club activities and events. At a minimum, each club must elect:

- President
- Vice President
- Treasurer
- Secretary
- Risk Manager*

Each club may assign club specific duties to these officers or other positions as they see fit. The Competitive Sports Office will communicate directly with presidents and only with other officers as necessary. Please note that only presidents may reserve facility space and only presidents and treasurers may submit forms for financial reimbursement. It is up to the club's officers to ensure that the Competitive Sports Office has the correct contact information on file for these individuals.

The Competitive Sports Office requires that certain officers attend meetings to participate and learn about program policies and procedures. Presidents must attend all meetings, but treasurers, risk managers and coaches only need to attend one meeting per year unless otherwise indicated.

*The risk manager may be a current officer with permission from the Competitive Sports Office.

All athletes are eligible to participate within their respective sport as long as they comply within the rules of their National Governing Body and The Ohio State University Competitive Sports program.

Article 10: Bias and Inclusion Incident Policy and Action Plan

Inclusion Statement: The Competitive Sports program celebrates a culture of open-mindedness, compassion, and inclusiveness among individuals and groups. We strive to create a community comprised of members from diverse cultures, backgrounds, and life experiences both on and off the field of competitive play.

The contest at play will be declared a forfeit. The Competitive Sports program will gather information from the contest on site and report the incident to the Bias Assessment and Response Team. Any determination of the outcome of the contest will be made following the completion of the BART Report and subsequent follow up process. Responses to bias incidents will be made on an individual case basis.

All Students participating in a Competitive Sports event are subject to this policy of bias response and to the Student Code of Conduct.

Under Section 3335-23-04 of the Student Code of Conduct, Prohibited conduct includes but is not limited to:

(B) Endangering health or safety.

(1) Endangering behavior: Taking or threatening action that endangers the safety, physical or mental health, or life of any person, or creates a reasonable fear of such action.

Article 11: Minor Policy

Injuries/Athletic Trainers

Article 1: Athletic Trainers

The Competitive Sports Program will provide athletic trainers on-site for all home games for contact and collision clubs (High Risk Sport Clubs), or other events/activities deemed necessary.

Article 2: Concussion Policy

Any participant displaying concussion-like symptoms, as identified by the Competitive Sports staff or athletic trainers, shall be removed from play immediately. Athletes will not be allowed to participate until a Medical Clearance Form has been completed and submitted to the Competitive Sports Office during normal business hours. Medical Clearance Forms will not be accepted on-site.

Article 3: Clearance Policy

Any athlete who is diagnosed with a concussion or any other physical injury that requires an appointment or treatment by a medical provider must have a licensed health care provider of your choice complete the Medical Clearance Form.

Once an athlete sustains an injury which requires medical attention, the athlete will not be allowed to participate until the Medical Clearance Form has been completed and returned to the Athletic Training Staff at Ohio State University Sports Medicine Department for review. All injuries should be reported to a coach immediately. Medical Clearance Forms are available from the Competitive Sports Office.

The Competitive Sports program requires that all athletes diagnosed with a concussion must also have exertion testing performed prior to full return to play status. These services can be performed by an approved licensed health care provider of your choice (Medical Doctor, Doctor of Osteopathy, Advanced Registered Nurse Practitioner, Physician's Assistant or Licensed Certified Athletic Trainer) trained in the evaluation and management of concussion injury. If the provider of your choice is unfamiliar with the 5-step exertion testing, they can refer the injured athlete to OSU Sports Medicine.

If a player has or appears to have a concussion or is displaying concussion-like symptoms, the student is ineligible for further competition in club sport and intramural programs until they provide the Competitive Sports Office a Medical Clearance Form signed by a medical doctor. Students that attempt to continue participation without receiving medical clearance may be ruled ineligible from registration and participation in all future Office of Student Life Recreational Sports programming.

Article 4: Academic Accommodations

Please be aware that suffering a concussion can temporarily affect academic performance. The Office of Student Life Student Advocacy Center is available to all students who may need accommodations following a concussion. They will work to connect the participant with other resources, advise participants on how to manage their condition in relation to school, and offer whatever support they can provide. The Student Advocacy Center's phone number is 614-292-1111.

Facility Space

Section 1: Facility Space

Article 1: Overview

Each sport club in good standing may request Department of Recreational Sports' facility space free of charge for a club event. By fall semester reading day, club presidents will submit a request for the following year's practice space. The Competitive Sports Office works with the department's facility schedulers to allocate space. When conflicting requests occur, the club with a higher administrative compliance score (ACS) receives priority. The office will accept change requests, but these requests must come through the Competitive Sports Office. Competitive Sports staff aims to serve clubs by providing adequate time and space for each club to the best of their ability. To reserve space for special events, clubs must follow special event guidelines outlined below.

Article 2: Facility Rules

The recreation facilities may not be used for personal gain by any member of the University community. Private instruction is restricted to that of approved programs and rental groups. A group must have a minimum of eight participants by five minutes past the scheduled starting time to claim and retain the reserved space. Two no shows without 48 hours prior notice given to the Department of Recreational Sports Scheduling Office will result in termination of the reservation for that current semester. For the climbing center, there must be a group of 10 participants to claim and retain the reserved space.

Article 3: Misuse of Facilities

From time to time clubs make mistakes and misuse the facilities or abuse the privileges of the facilities. Violations can include but are not limited to the following:

- Hosting a scrimmage/practice, game, clinic, event, etc. without prior confirmation
- Allowing non-club participants to enter the facility without proper credentials

Section 1: Travel

Article 1: Overview

The Competitive Sports Office encourages clubs to travel to participate in tournaments and other competitions. Clubs traveling away from campus for competitions, events, tournaments, etc. must submit all travel information on DoSportsEasy. Failure to submit all documentation will result in a loss of ACS points for each occurrence.

Article 2: Pre-Trip Report

A club officer, preferably a risk manager, should complete travel information on DoSportsEasy five business days prior to travel. The first time it is late or incomplete there will be a five ACS point deduction. The second time it is late or incomplete there will be a ten ACS point deduction. After the third time it is late or incomplete all travel will be suspended at this point.

Any club traveling with unapproved athletes on DoSportsEasy are subject to disciplinary actions adjudicated by the Competitive Sports Office.

At no point should one driver drive more than four hours or 200 miles straight. If traveling over four hours or 200 miles, it is strongly recommended that there is a second certified driver in the vehicle to take over the driving duties.

The Department of Recreational Sports strongly suggests the Sport Clubs do not travel between the hours of 11pm and 5am.

Article 3: Post Trip Report

Clubs will be required to fill out a post trip report which is housed on DoSportsEasy. This report should be completed within two days of returning from competition. Article 6: Emergency SituationsInclément Weather and Tornadoes

A tornado warning is indicated by the sounding of emergency sirens for three minutes followed by seven minutes of silence. The warning siren signals that a tornado has been sighted or has appeared on radar in Franklin County. When the alarm is sounded, all members will be directed to take shelter immediately in a designated weather safety zone. The tornado shelters for each facility are listed below.

RPAC: The primary shelter area is in the main locker room. Overflow shelter areas include the bathrooms and stairwell across from the Sport Shop, and the hallway near the golf hitting stations.

ARC: Inside the OAC “drying/equipment” room and in the ARC locker rooms.

JORC: There is no safe shelter area at the Jesse Owens Recreation Centers. In case of a tornado warning, members should evacuate to the following locations:

- Jesse Owens South: 11th Avenue parking garage, lowest level
- Jesse Owens North: Gerlach Hall/Drackett Tower basement
- Jesse Owens West: Blankenship Hall

Members will be asked to stay inside and be alert to falling objects, while staying away from exterior windows and doors. Members have the right to leave under their own free will if they so choose.

Snow Emergencies

All practices, travel and games will be permitted unless The Ohio State University has closed its doors, classes are not in session, or the Franklin County Sheriff's Office has declared a Level 2 Snow Emergency.

Emergency Action Plan

In case of an accident or occurrence of an injury while traveling for a sport club activity, the following steps should be taken:

1. Secure the scene. Stabilize the patient and administer first-aid to the best of your abilities.
2. Contact the authorities: Ohio State police- 614-292-2121 for on campus or call 911 for off campus.
3. If in a Recreational Sports facility, please get a building supervisor

 - Under no circumstances should a statement of fault or guilt be made
5. Contact your Sport Club supervisor if possible. If not possible contact Competitive Sports professional staff. (Only if the accident is severe)
6. Fill out accident report form located in the med kit.

Article 8: Travel Expectations

Students are representatives of The Ohio State University and must adhere to the code of student conduct. The code applies to the on-campus conduct of all students and registered student organizations. The code also applies to the off campus conduct of students and registered student organizations in direct connection with:

- Academic course requirements or any credit-bearing experiences, such as internships, field trips, study abroad or student teaching;
- Any activity supporting pursuit of a degree, such as research at another institution or a professional practice assignment;
- Any activity sponsored, conducted or authorized by the university or by registered student organizations;
- Any activity that causes substantial destruction of property belonging to the university or members of the university community, or causes or threatens serious harm to the safety or security of members of the university community; or
- Any activity in which a police report has been filed, a summons or indictment has been issued or an arrest has occurred for a crime of violence.

Students' behavior at off-campus activities, regardless of scope or distance from campus, is reflective of the university, and students are therefore expected to:

- Maintain the safety and well-being of students as well as other individuals contacted in any capacity during the travel.
- Respect the security and protection of property belonging to individuals, or to other institutions and establishments.
- Create an environment and maintain practices that sustain the educational goals of the travel.

- Pledge obedience to all laws, all Ohio State policies, and policies of any facility or university where students may be at all times. Students traveling are personally responsible for their behavior and the consequences for that behavior.
- Follow The Ohio State University Student Code of Conduct. Anyone violating the Student Code of Conduct while traveling is subject to the sanctions enumerated in sections 3335-23-17 of the student code of conduct.

Participants in activities involving student travel are responsible for their own behavior and any resulting consequences. The university shall not be liable for any loss, damage, injury or other consequence resulting from a participant's failure to comply with university rules and regulations, the direction of university employees, or applicable law.

Individuals detained by proper authority or incarcerated during travel should not expect assistance or remuneration from the university.

Individuals evicted from their place of lodging are personally responsible for obtaining and paying for their own alternative lodging. Any damages incurred at any lodging establishment are the complete and direct responsibility of the student(s) assigned to the damaged room(s).

Article 9: International Travel Expectations

Clubs traveling internationally for competitions should contact Charles Anderson, 1859, Assistant Director for Competitive Sports, no later than 12 weeks in advance of their anticipated travel to ensure university guidelines are followed.

Club Misconduct

Section 1: Club Misconduct

Article 1: Overview

The Competitive Sports Office is committed to maintaining high standards through the rules set forth by all sport clubs via their constitution. If any member of a sport club feels their club is not living up to their respective clubs constitution or standards, the Competitive Sports Office will investigate the situation and take all action necessary to rectify the situation. If an outside source (meaning non-club member) feels a club is not living up to their constitution or standards set forth, the Competitive Sports Office will investigate the matter. However, unless a club member comes forward with information corroborating the alleged infraction or concerns, action may not be taken.

Acts of misconduct shall subject the coach, participant, and/or the entire club to disciplinary action. Allegations of misconduct against any sport club coach, participant, and/or entire club should be addressed with the sport club program. As appropriate, referrals may be made and sanctions may be imposed by one or more of these offices: the Office of Student Conduct, the Office of Human Resources, and/or the Competitive Sports Staff. Although individuals may be referred to the Office of Student Conduct and the Office of Human Resources, all cases may return to the competitive sports staff for further sanctions. Acts of misconduct may be defined as conduct or behavior that may compromise the integrity of the sport club program, the Department of Recreational Sports or The Ohio State University, and are prohibited.

Such misconduct includes but is not limited to:

- Violation of any local, state or federal law, violation of the Code of Student Conduct, or any other university policy, rule, or regulation

- Consumption of alcohol by any coach, participant, officer or affiliate of the club at any club event, competition, trip or function (This is a zero-tolerance policy and will result in immediate suspension of the coach, participant and/or club)
- Harassment or sexual harassment
- Hazing in any form
- Sexual assault or misconduct
- Striking, attempting to strike, or otherwise physically abusing an official, opposing coach, spectator or athlete
- Inciting participants or spectators to violent or abusive action intentionally or with careless disregard for one's conduct
- Using obscene gestures or profane provocative language or action toward an official, student, coach or spectator
- Publicly criticizing a game official, conference personnel, another university member, or a student-athlete or personnel of another member university
- Committing any act of misconduct not specifically described above shall subject violators to any of the described penalties which the assistant director of competitive sports determines most suitably addresses the conduct involved

In addition to any assessed penalty, the Assistant Director of Competitive Sports may take any remedial action believed to be proper to deter any future misconduct. Students concerned about inappropriate club activity by another member, coach, advisor or team should contact the Competitive Sports Office for assistance. The Competitive Sports Office will work with clubs to mediate or take action against any issues or concerns.

Any Sport Club subjected to disciplinary actions from the Office of Student Conduct may also receive sanctions from the Competitive Sports Office.

Article 2: Hazing

Ohio is one of 44 states that have an anti-hazing law. Individuals may be held criminally or civilly liable. The Ohio Revised Code provides:

2903.31 Hazing.

(A) As used in this section, "hazing" means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

(B)(1) No person shall recklessly participate in the hazing of another.

(2) No administrator, employee, or faculty member of any primary, secondary, or post-secondary school or of any other educational institution, public or private, shall recklessly permit the hazing of any person.

(C) Whoever violates this section is guilty of hazing, a misdemeanor of the fourth degree.

Hazing civil liability.

Any person who is subjected to hazing, as defined in division (A) of section 2903.31 of the Revised Code, may commence a civil action for injury or damages, including mental and physical pain and suffering that result from the hazing. The action may be brought against any participants in the hazing, any organization whose local or national directors, trustees, or officers authorized, requested, commanded, or tolerated the hazing, and any local or national director, trustee, or officer of the organization who authorized, requested, commanded, or tolerated the hazing. If the hazing involves students in a primary, secondary, or post-secondary school, university, college, or any other educational institution, an action may also be

brought against any administrator, employee, or faculty member of the school, university, college, or other educational institution who knew or reasonably should have known of the hazing and who did not make reasonable attempts to prevent it and against the school, university, college, or other educational institution. If an administrator, employee, or faculty member is found liable in a civil action for hazing, then notwithstanding Chapter 2743.44 of the Revised Code, the school, university, college, or other educational institution that employed the administrator, employee, or faculty member may also be held liable.

The negligence or consent of the plaintiff or any assumption of the risk by the plaintiff is not a defense to an action brought pursuant to this section. In an action against a school, university, college, or other educational institution, it is an affirmative defense that the school, university, college, or other institution was actively enforcing a policy against hazing at the time the cause of action arose.

Under the Ohio State Code of Student Conduct, hazing constitutes “doing, requiring or encouraging any act, whether or not the act is voluntarily agreed upon, in conjunction with initiation or continued membership or participation in any group that causes or creates a substantial risk of causing mental or physical harm or humiliation. Such acts may include, but are not limited to, use of alcohol, creation of excessive fatigue, and paddling, punching or kicking in any form.”

Hazing may also constitute additional behaviors, including but not limited to:

- forced cleaning
- running errands/mental tasks
- forced interviews
- scavenger hunts
- mental and/or psychological abuse
- public or private displays of humiliation
- forced use of alcohol or drugs
- being yelled at or cursed at by other members of the team or group
- sleep deprivation
- public nudity
- forced wear of embarrassing clothing
- depriving you of regular hygiene practices (brushing teeth, bathing)
- making you steal or destroy property
- "drop-offs" or "dumps" in unfamiliar locations
- lock-ups or being confined to small spaces
- being duct taped or some other physical restraints
- violence
- sexual assault
- beating
- kicking
- calisthenics
- creation of excessive fatigue
- any activity which seriously endangers the health or safety of another individual.
- providing alcohol to minors
- use of alcohol or drugs during the new member education/intake process or other membership events
- line-ups
- forced eating or drinking of items

Article 3: Sexual Assault

Sexual Assault: A sexual assault is any form of non-consensual sexual activity. Sexual assault includes all unwanted sexual acts from intimidation to touching to various forms of penetration and rape.

Penetration (however slight) of the vaginal or anal cavities with any body part or object, or oral to genital contact when consent is not present.

Examples of sexual assault:

- Any sexual activity performed in the absence of consent or through coercion
- Forced oral, anal, or vaginal sex with any body part or object
- Unwanted rough or violent sexual activity
- Rape or attempted rape
- Keeping someone from protecting themselves from unwanted pregnancies or STIs
- Sexual contact with someone who is very drunk, drugged, unconscious or unable to give a clear and informed yes
- Threatening or pressuring someone into sexual activity

Article 4: Sexual Misconduct

As defined in the University's Code of Student Conduct 3335-23-04 (C), sexual misconduct is: Physical contact or other non-physical conduct of a sexual nature in the absence of clear, knowing and voluntary consent, including but not limited to:

- Non-consensual sexual intercourse, defined as any sexual penetration (anal, oral, or vaginal), however slight, with anybody part or object by any person upon any person without consent.
- Non-consensual sexual contact, defined as any intentional sexual touching, with anybody part or object by any person upon any person without consent.
- Sexual exploitation, defined as taking non-consensual, unjust or abusive sexual advantage of another. Examples include, but are not limited to, prostituting another student, non-consensual video or audio-taping of sexual activity, going beyond the boundaries of consent (such as knowingly allowing another to surreptitiously watch otherwise consensual sexual activity), engaging in non-consensual voyeurism and knowingly transmitting or exposing another person to a sexually transmitted infection (STI) without the knowledge of the person.
- Sexual harassment, as defined in applicable university policy.
- Indecent exposure, defined as the exposure of the private or intimate parts of the body in a lewd manner in public or in private premises when the accused may be readily observed.

For the purposes of this rule, consent shall be defined as the act of knowingly and affirmatively agreeing to engage in a sexual activity. Consent must be voluntary. An individual cannot consent who is substantially impaired by any drug or intoxicant; or who has been compelled by force, threat of force or deception; or who is unaware that the act is being committed; or whose ability to consent is impaired because of a mental or physical condition; or who is coerced by supervisory or disciplinary authority. Consent may be withdrawn at any time. Prior sexual activity or relationship does not, in and of itself, constitute consent.

Sexual Violence: Sexual violence is a broader term than sexual assault. The term encompasses sexual homicide, rape, incest, molestation, fondling, stalking, intimate partner violence and verbal harassment of a sexual nature. Sexual violence includes creating an environment that feels unsafe based on sexual messages or images. Sexual violence is a sexual act that is completed or attempted against a victim's will or when a victim is unable to consent due to age, illness, disability or

the influence of alcohol or other drugs. The act may involve actual or threatened physical force, use of weapons, coercion, intimidation or pressure.

Article 5: Sexual Harassment

Sexual Harassment: Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when it meets any of the following:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic status.
- Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual.
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile or offensive environment for working, learning, or living on campus.

Any infractions may result in repercussions to the entire club. These infractions may include violations of the alcohol policy, hazing, drug policy, sexual harassment, unsportsmanlike conduct, club fund mismanagement, and any other school or legal issue. Each sport club member represents his or her team while at the university and therefore the actions of one may affect others. Please keep in mind that any team event or activity must be appropriate and not draw negative attention to the university.

If violations occur, club officers or members should contact the Competitive Sports Office immediately to discuss the infraction. The office will work with other university or law officials as necessary to help determine appropriate action. Possible sport club actions may include:

- Loss of club funding, facility space and other benefits
- Removal of club officers, coaches and/or members
- Required additional training and/or meetings with Department of Recreational Sports staff

Article 8: Probation Status

To receive funds and space a club must maintain good standing with the Competitive Sports Office. This requires that clubs maintain 70% ACS at the end of the year and do not cause any disciplinary infractions when funds are allocated. Clubs on probation may not qualify for sport club funds or facility space. These organizations may appeal to the office to return in good standing. The Competitive Sports Office will provide guidelines to clubs on how to improve their standing. After two consecutive academic school years on probation, the club's standing will reviewed by the Department of Recreational Sports

Article 9: Appeal Process

From time to time clubs are removed from active sport club status and are no longer recognized by the Department of Recreational Sports. The reason this typically happens is because of consistently low ACS scores, not adhering to the Student Code of Conduct or other disciplinary reasons. When it comes to being removed as a result of low ACS scores,

the club has the right to appeal this decision. The appeal will be heard by the Associate Director of Programs. If this position is vacant, it will be heard by the Senior Associate Director of Administration and Programs. Their decision will be final.

The steps to appeal this decision are as follows:

1. Write a letter to the Associate Director of Programs
 - a. Included in this letter should be:
 - i. Why you are appealing
 - ii. Evidence to prove why this decisions should be changed

2. Set up a meeting with the Associate Director of Programs to discuss the situation.

Please allow 3-5 business days after the meeting with the Associate Director of Programs for a decision to be rendered. All appeal decisions are final.

In the case of a club being removed via the Office of Student Conduct, the guidelines set forth through their sanctioning process will be enforced in conjunction with the Department of Recreational Sports.

Sport Club Funding

Section 1: Sport Club Funding

The competitive Sports Program will no longer issue checks for clubs to receive their allocation money. In order to set up direct deposit please fill out the form located [here](#).

Article 3: Funding Requirements

The Department of Recreational Sports' Competitive Sports staff will notify clubs regarding allocation amounts. Sport clubs may use this funding to administer or manage club activities. This allocation will vary depending on the Department of Recreational Sports budget. Allocations are based on the clubs ACS score from the previous year. The Competitive Sports Office will notify club presidents about their allocation during autumn semester. Upon notification, club presidents and treasurers may submit reimbursement forms to obtain money.

Article 5: Nationals Allocations

Each club in good standing may receive a national allocation to manage club events. To help offset the cost of clubs attending nationals or a national event, clubs may apply for additional funds. The Competitive Sports Office will allocate funds based on the following criteria:

The Competitive Sports Office will review each application and notify presidents of the amount received. Clubs are not guaranteed additional funds, but the Competitive Sports Office will attempt to provide any qualifying clubs additional funds. Funds will be received after the club submits the reimbursement form along with the respective receipts or proof of payment.

Article 6: Fundraising

The sport club program encourages all clubs to fundraise. There are numerous ways that this can be done through bake sales, car washes, Schottenstein Center clean ups, selling team apparel, etc. Clubs may also use local business such as restaurants or pizza chains where they get a percentage of food sales for that day. However clubs may not use or receive money for alcohol related activities when fundraising. So for example clubs cannot have beer feast or all you can drink specials to raise funds. Clubs should not make reference to or include pictures of alcoholic beverages or the name of alcohol distributors in regards to fundraising or anything else club related.

Sport Club Benefits

Article 1: Recreational Sports Membership for Sport Club Coaches

Student Life Recreational Sports provides its sport club coaches with free annual membership privileges, with the expectation that each club coach attend the required coaches meeting and pass the required background check. The competitive sports area views these memberships as a benefit to clubs and their coaches in compliance with the competitive sports office.

This policy takes into account club compliance, competitive needs, and membership support to allocate Recreational Sports memberships to coaches. The Competitive Sports Office ultimately retains administration and determination of each allocated membership.

The policy provides memberships:

- 3 memberships: Three times the number of participants required to compete
- 3 memberships: Greater than 30 members (not included above)
- 2 memberships: Clubs in compliance and not meeting any of the above requirements
- 1 membership: Less than 15 participating members
- Additional memberships available upon request and review by the competitive sports staff. The need to access the RPAC, ARC, JOW, & JON should be in consideration (e.g. off campus clubs do not receive additional membership under this term)

The Competitive Sports Office reserves the right to allocate these additional memberships as needed to clubs. Each year, the competitive sports administrators will review clubs' requirements and compliance to determine the upcoming year's allotment. Please note that club coaches are not required, but encouraged when possible. Clubs with so few members (less than 15) not only do not demonstrate a coaching need for more than one coach pass, but also risk falling out of compliance and good standing clubs with less than 15 student members are not in compliance).

Article 2: Parking Passes

Any recognized coach may also request a letter allowing them to purchase an on-campus parking pass.

The Competitive Sports Office will not pay for parking passes for coaches, members, or guests. The office will write letters for club coaches that allow them to purchase passes. Coaches should take these letters to CampusParc.

Article 3: Storage Space

All clubs may obtain equipment storage space located in the RPAC. Any club that needs space should contact the Competitive Sports Office. Only two (2) officers may gain access to these rooms and are responsible for their equipment. The Competitive Sports Office will monitor the storage space, but is not responsible for a particular clubs' items. Coaches/Instructors will not be given storage space access.

Article 4: Participation Acknowledgement Letters

The Competitive Sports Office understands that sport club athletes often must miss classes to attend tournaments and games. While Competitive Sports staff cannot officially excuse any athlete from a class or exam, the office will write participation acknowledgement letters to provide instructors. These letters will ask permission to be excused because of a school event. Please provide student names, date, tournament/game information and number of letters when requesting excuse letters. Advance notice of at least five business days is required. We will not write letters post event, so please plan accordingly.

Article 5: Registrar Verification

It is understood that clubs need to have their rosters verified by the registrar and the Competitive Sports Office. This verification must be done through the Competitive Sports Office. The registrar will no longer allow students to take the verification forms to their office. Please submit these forms filled out correctly (printed legibly, name and dot number, nine digit BuckID number and signature when required). We require at least five business days to get the forms verified and stamped. Forms turned in with less than a five day window may not get processed on time.

Article 6: Medical Kits

All clubs will be provided a medical kit to check out at the beginning of each academic year. The expectation is that all clubs have this medical kit with them anytime the club is practicing, traveling or participating in a competition. The Competitive Sports office will restock the kits when the club brings the kit in to the office during office hours.

Included in this kit will be blank incident/accident report forms. The risk manager or the club's designee is expected to fill out this form any time that care is given or that there is an injury. These forms are to be turned in to the Competitive Sports Office as soon as possible after the injury/incident occurs. Failure to turn in required documentation will result in negative ACS points.

Article 7: Communication Resources

Each club receives a sport club mailbox located in RPAC B147. Any sport club member may check the mailbox during office hours. To leave messages for other clubs, an officer must obtain permission from the office (e.g. marketing materials).

Clubs leaders will also receive access to a group email account titled with their club's name. Clubs may use this email to connect with new members; clubs will also receive important communication from the Competitive Sports Staff regarding administrative updates to the email address. Club leaders requesting access should contact sportclubstaff@osu.edu for assistance.

Article 8: SFHP Credit

If students meet the criteria below and are actively engaged in an approved club sport in the approved semester of enrollment, they are eligible for SFHP credit. You will need to complete a signature form which can be obtained from Chuck Shiebler in A134PE and returned to him by the deadline indicated on the form for permission to enroll.

If you don't have your EIN by the time a deposit is due, send your payment to the service center address for your state. Make your check or money order payable to Internal Revenue Service and show your name (as shown on the SS-4), address, kind of tax, period covered and the date you applied for your EIN.

Misplaced Your EIN?

If you previously applied for and received an EIN for your business, but have since misplaced it, try any or all of the following actions to locate the number:

- Find the computer-generated notice that was issued by the IRS when you applied for your EIN. This notice is issued as a confirmation of your application for, and receipt of an EIN.
- If you used your EIN to open a bank account, or apply for any type of state or local license, you should contact the bank or agency to secure your EIN.
- Ask the IRS to search for your EIN by calling the Business & Specialty Tax Line at 800-829-4933.

All clubs are encouraged to participate and that level of participation will count toward each club's community service requirement.

The Competitive Sports Office will provide additional community service opportunities for clubs to participate. These additional opportunities are not required, but encouraged and count toward community service points.

Article 2: Toys for Tots

Each year, the Competitive Sports program collects toys for the United States Marines Corps Reserve Toys for Tots drive. This is done as a sport club community service project.
